

Humebury Enterprises Limited

Hong Kong

Nov 7, 2025

Dear Mr. Lee,

Your kindness is life-changing — thank you for making a difference!

We sincerely appreciate the generous donation of HK\$10,000 from Humebury Enterprises Limited toward our Mongolia School Screening Kit Campaign. Your support enables us to create transformative impacts for people with visual impairments worldwide. With the help of dedicated supporters like you, Orbis has improved access to eye care and restored sight worldwide.

Over the past year, we have achieved significant milestones with your unwavering support:

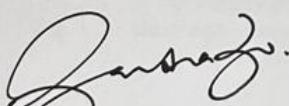

- 38,000 + trainings completed by eye care professionals and community health workers
- 2,200,000 + eye screenings and examinations conducted at schools and community outreach events
- 53,000 + eye surgeries and laser treatments performed
- 72,000 + eyeglasses prescribed
- 8,600,000 + doses of antibiotics distributed for trachoma elimination

One such impact is the life of 11-year-old Anas, who lives in the Rohingya refugee camp in Bangladesh. For five years, he struggled with bilateral cataracts, making it difficult to see clearly. Thanks to compassionate donors like you, Orbis provided him with free surgery that restored his vision. Anas joyfully shared, “I will be able to see the faces of my friends and loved ones clearly, making this Ramadan truly special for me.” Your kindness has transformed his life, allowing him to embrace the world with clarity and joy.

Once again, thank you for supporting our mission to make treatment and prevention accessible to all. Together, we are changing countless lives across the globe!

Yours sincerely,

Sandra So
Director, Business Development
